

GEORG BREUER

Wine profile

2016 RÜDESHEIM BERG ROSENECK RIESLING

Wine growing area

The Rheingau covers approximately 3.000 hectares of vineyards and is one of the smallest wine growing regions in Germany. The southerly exposed vineyard sites protected by the Taunus mountain range are a reliable source of one of the finest Riesling wines of the country.

Vintage

2016 will be remembered as a very difficult one! A strenuous fight to do everything right! A wet spring and heavy rainfall in June resulted in widespread and heavy downey mildew. As it finally dried up extreme temperatures in August led to partial sunburn of the grapes. All of these extremes resulted in very low yields! At least we were rewarded with beautiful weather during spring and brought home very few but beautiful grapes.

Grape variety

In terms of elegance and finesse Riesling is the country's premier grape. The vineyards along the Rhine provide for ideal growing conditions. With its distinctive aromatic profile, delicate structure and tangy acidity Riesling produces not only the finest German wines, it earns world-wide recognition as well.

Soils

Weathered slate with loess and loam give ideal ripening conditions for Riesling which thrives on the high mineral content of the soil. It is also heat absorbing which is important in its ripening process. The grapes for this wine are sourced from the deep Phyllite, clay and quartz slate soils.

Wine estate

Implementing a strict quality philosophy Bernhard Breuer turned the family-owned wine estate with its 40 hectares into a leading estate in the Rheingau. Today it is managed by his daughter Theresa Breuer and production manager of many years, Hermann Schmoranz, with the assistance of cellar master Markus Lundén.

Wine description

Spicy aromas together with local fruits. On the palate extract sweetness combined with salty minerality. Very elegant body with a fine balance between a tight acidity structure and pleasant residual sweetness.

Alcohol 11,5% · Residual sugar 7,2 g/l · Total acidity 7,9 g/l
