Wine profile

2020 GB CHARM RIESLING

Wine growing area

The Rheingau covers approximately 3.000 hectares of vineyards and is one of the smallest wine growing regions in Germany. The southerly exposed vineyard sites protected by the Taunus mountain range are a reliable source of one of the finest Riesling wines of the country.

Vintage

During the year, the winemakers mainly had to deal with drought stress in the vineyard. Although the vine with its long roots can compensate for drought, the now third dry season is clearly noticeable in three consecutive years. Fortunately, this did not affect the ripening of the grapes in the Rheingau area. The loose grapes of this vintage were healthy until harvest and had a fruity note.

Grape variety

In terms of elegance and finesse Riesling is the country's premier grape. The vineyards along the Rhine provide for ideal growing conditions. With its distinctive aromatic profile, delicate structure and tangy acidity Riesling produces not only the finest German wines, it earns world-wide recognition as well.

Soils

The grapes are sourced from vineyards with shallow to deep gravely clay soils with patches of quartzite and slate.

Wine estate

Implementing a strict quality philosophy Bernhard Breuer turned the family-owned wine estate with its 40 hectares into a leading estate in the Rheingau. Today, his daughter Theresa Breuer runs the estate, supported by head of operations Hermann Schmoranz and cellar master Markus Lundén.
