Wine profile

2022 GB GRIS, PINOT GRIS

Wine growing area

The Rheingau covers approximately 3.000 hectares of vineyards and is one of the smallest wine growing regions in Germany. The southerly exposed vineyard sites protected by the Taunus mountain range are a reliable source of one of the finest Riesling wines of the country.

Vintage

The year 2022 was characterized by high temperatures and little rainfall. It was topped with a summer with many hours of sunshine, but also with some challenging weather conditions. The right timing was most important during the harvest in order to be able to adjust the optimum ripeness without sacrificing quality. Thanks to the conscientious manual work and precise selection, healthy and ripe grapes could be harvested and processed. So we can look forward to the wines with complexity, fruit and a distinctive aroma.

Grape variety

This dry Pinot Gris from Rheingau comes exclusively from our vineyards situated in Rüdesheim and, unlike traditional Riesling, is considered to be an exotic grape variety in this region.

Soils

The grapes are sourced from vineyards with shallow to deep gravely clay soils with patches of quartzite and slate.

Wine estate

Implementing a strict quality philosophy Bernhard Breuer turned the family-owned wine estate with its 40 hectares into a leading estate in the Rheingau. Today, his daughter Theresa Breuer runs the estate, supported by head of operations Hermann Schmoranz and cellar master Markus Lundén.
