Wine profile

2019 RAUENTHAL NONNENBERG RIESLING

Region

With its some 3000 Hectares, Rheingau is one of the smallest wine growing regions in Germany. South facing steep slopes are protected from the cold northerly winds by the Taunus Mountains, giving ideal ripening conditions.

Vintage

After a very hot year and a dry winter, the vines started with a water deficit into the new vegetation year, which supposed to be another dry one. A very cool May was slowing down the vegetation, but the high temperatures in July brought back a few problems. In some vineyards the grapes got sunburn but luckily they did not affect the quality of the grape material. It was a very quick harvest because the ripeness of aroma and phenolic was on its point very early and there was no risk because of the weather. This vintage brings very aromatic wines with a nice acidity structure.

Grape variety

In terms of elegance and finesse Riesling is the country's premier grape. The vineyards along the Rhine provide for ideal growing conditions. With its distinctive aromatic profile, delicate structure and tangy acidity Riesling produces not only the finest German wines, it earns world-wide recognition as well.

Terroir

Named after the nuns of the Abbey Tiefenthal, the Nonnenberg soil benefits from a combination of stony phyllite and loess and loam; giving wines with full body and racy acidity which are capable of long ageing.

Wine estate

Implementing a strict quality philosophy Bernhard Breuer turned the family-owned wine estate with its 40 hectares into a leading estate in the Rheingau. Today, his daughter Theresa Breuer runs the estate supported by vineyard manager Hermann Schmoranz and cellar master Markus Lundén.
